

1 Dear Family

Oct 19 2011

OK. So you already know about transfers and stuff from emails on sis. Mills sister is going to Auckland, New Zealand Samoan speaking cool huh? Especially since they are all Samoan. So right now we are cutting out pics and are going to break into the Elders apartment and hanging them up every where, oh they are pics of K. Habana. Anyways Florida is rainy and cold, so sweaters and sweats are the best right now. Right now for studies I'm reading the Book of Mormon again. Except I'm highlighting every reference to Jesus Christ, Christ like attributes, Doctrine and His words. He is so awesome. You get so much out of it that way. Right now, we are teaching an awesome 16 yr old boy and we finally got a hold of his mom so we are working on getting him baptized for the 20th and we had a major breakthrough with the Jehovah witness mom. She wants

to read the book of MUMMON Finally.
Thank you Heavenly Father! It took
talking about Family Prayer (our Family
Prayers were the example) and having
them pray together that soften her heart.
YAY! So a work in progress. Every
thing else is just work in progress. Oh so
we went to do a missionary blessing
with the Relief Society President. we
so of course it's a kneeling prayer
and we finished and she said, so
this is what it's like to have Family
Prayer. She's the only member in her
Family. we promised her she would be
able to kneel with her Family soon.
Anyways That's all. That is happening
just a bunch of work. I'm excited to
have this area blossom. It's gonna be
amazing. I'm gonna be in this area for
a while. I feel it that way @ best until
next year. But we'll see.
Anyways I love you all
Sisters Say hello.
